

PATRONS Agenda for Meeting on May 28, 2014

Bylaws: Looking over sample bylaws and adopting one. These will need to be handed out for review, not voted on and not discussed until the following meeting. We may want to schedule a special meeting for bylaws alone because it's going to take some time.

Mission Statement revisited

Toss old PATRONS paperwork (minutes, etc.)?

Treasurer's Report

Walk-a-Thon - What is left to be done?

Last day of school BBQ

Plans for summer

Plans for the beginning of school year/open house

Suggestions – Solicit ideas for events, activities etc. Suggestion box or have people email or give them to any PATRONS officers? Do we want to talk about events Wednesday or just hold a "Calendar of Events" work meeting to do this? Set that meeting date?

Dances? older kids and younger kids? Karaoke dance?

Community Dance?

Community Dinner?

Chinese Auction?

Movie Nights (Summer? Outside? Donated food items). We need to make more than what we spent on the license, which is \$289.00.

Playground –

- Updates on playground: fixing of slide, estimate for woodchips, safety, fall zones, keeping chips where they are supposed to be and not all over.
- Can we do this before July 1st or does this need to wait until after withdrawal?
- Set up a meeting for just playground, invite Perry and Jay Fowler and anyone else who can help. Will this be handled by the Playground Committee?
- Playground cleanup events

Committees: Sports Boosters, Arts & Enrichment

When can each group meet? Any feedback from parents, teachers, community?

PATRONS closet –

- Keys, who has them and where the extra one will be?
- Inventory list needs to be made and posted to inside of door so everyone knows what we could use.
- Please bring in any PATRONS things you may have at home so we can see what we have, what we need and what needs to be trashed.
- Lori has black lights. There are nine of them. If there is room we can store them at the school; if not, they can stay at Lori's house. Lori also has the candy bowls for the Halloween party and the bean bags.

Use of school grounds and building - What we need to do, key, paperwork etc.

Lori will bring a copy of the paper that needs to be filled out for the use of the school.

We need to find out from Dawn if the locks are being changed at the school in July and if so, can PATRONS have a key?

Buddy Bench - How can we make this happen? This is a totally cool idea. Again, do we have to wait until the school belongs to Lamoine again?

Cement barriers to block people from driving down to the soccer fields... Perry has some. Again, do we have to have Dawn's permission and have to wait till July?

Staining of the snack shack? Suggestions are red building, green trim.

Request: Girl scouts would like to borrow the popcorn machine for June 21st.
